Short Description

Place the QuickFire XTi in front of you and you'll immediately see and feel something different. A performance keyboard designed for gamers, but with a refined sense of style and sophistication. On the QuickFire XTi, you won't find distracting logos and frivolous "button clutter" taking up your precious space.

Description

Minimalistic on the Outside, Powerful on the Inside

Place the QuickFire XTi in front of you and you'll immediately see and feel something different. A

performance keyboard designed for gamers, but with a refined sense of style and sophistication. On the QuickFire XT*i*, you won't find distracting logos and frivolous "button clutter" taking up your precious space. Beyond its minimalist look and feel, the QuickFire XT*i* is at its heart a performance keyboard. Multi-color per-key backlighting with a built-in customization mode for rainbow, breathing, and unique responsive effects. 100% authentic CHERRY MX switches for the ultimate tactile experience. Performance grade UV coated keys, classic lines and On-the-fly Macro profiles.

Features

MULTICOLOR PER-KEY BACKLIGHTING

Mixable dual color blue and red LED backlighting gives you up to 35 colors per key for multiple customized modes including rainbow, breathing, and unique responsive effects powered by an ARM 32-bit processor.

MINIMALISTIC DESIGN

Sleek lines, refined symmetry, and a heavy-weight quality build help you keep things clean and simple.

HIGH QUALITY MECHANICAL KEYSWITCHES

Genuine CHERRY MX switches - Choose between red (smooth), brown (tactile), or blue (tactile+click) switches to match your preference.

FOUR PROGRAMMABLE PROFILE KEYS

Four profile keys offer quick backlighting and macro recording without hassle. Program multiple keystrokes to a single key or change per-key backlighting without the need for software.
