Short Description

Corsair ML120 PRO delivers unrivaled performance and silence by utilizing magnetic levitation technology and a custom rotor design. The innovative design provides both high static pressure and high air flow, with an ultra-low friction magnetic bearing that simultaneously generates lower noise and provides higher performance.

Description

Corsair ML120 PRO delivers unrivaled performance and silence by utilizing magnetic levitation technology and a custom rotor design. The innovative design provides both high static pressure and high air flow, with an ultra-low friction magnetic bearing that simultaneously generates lower noise and provides higher performance. A 2,000 RPM control range gives you total control between silence and absolute performance. Replaceable corners mounted to anti-vibration rubber dampers allow you to match your fans with the rest of your build. This no compromise fan also gives you full customization of both performance and appearance.

Features

- **Magnetic Bearing:** harnesses magnetic levitation technology to provide lower noise, higher performance, and a longer lifespan.
- **Custom Rotor Design:** delivers the perfect balance between high static pressure and high airflow, operating flawlessly in the most challenging environments.
- **Extensive Control Range:** A 2,000 RPM control range gives you total control between silence and absolute performance.
- **Color Customization:** Replaceable corners mounted to anti-vibration rubber dampers allow you to match your fans with the rest of your build (Available separately in Red, White, and Blue).

Specifications

Manufacturer: Corsair

Edition: ML120

Fan Diameter: 120mm

Fan Depth: 25 mm

Fan Speed: 400 - 2,400 rpm

Fan Blades: 7

PWM: No

Airflow: 12 - 75 CFM

Sound Level: 16 - 37 dB

Bearing Type: Magnetic

Manual Speed Controller: No

Material: Plastic

Fan Color: Black

LED: Yes

LED Color: White

Fan Fixing: Screw Fixing

Connectors: 1 x 4-pin

Additional Information

Brand	Corsair
SKU	CO-9050041-WW
Weight	0.6000
Color	Black
Fan Dimensions	120mm
Fan Width	25mm
Fan Connection	4-Pin PWM
Fan RPM	2400
Fan CFM	75
Fan Noise (dB)	37
LED Color	White
Vendor SKU/EAN	843591072106

The fans themselves perform great too- especially those wanting lower noise but still good performance and this gets better with higher air flow restriction applications. There is a lot of detail that has gone in the manufacturing here, including the use of separate molds to account for the different shrinking rates of the translucent impeller relative to the opaque impeller, and overall this is a step above the SP120 fans in all aspects including cost.
