Description

Corsair ML140 PRO delivers unrivaled performance and silence by utilizing magnetic levitation technology and a custom rotor design. The innovative design provides both high static pressure and high air flow, with an ultra-low friction magnetic bearing that simultaneously generates lower noise and provides higher performance. A 2,000 RPM control range gives you total control between silence and absolute performance. Replaceable corners mounted to anti-vibration rubber dampers allow you to match your fans with the rest of your build. This no compromise fan also gives you full customization of both performance and appearance.

Features

• Magnetic Bearing: harnesses magnetic levitation technology to provide lower noise, higher performance, and a longer lifespan.
• Custom Rotor Design: delivers the perfect balance between high static pressure and high airflow, operating flawlessly in the most challenging environments.
• Extensive Control Range: A 2,000 RPM control range gives you total control between silence and absolute performance.
• Color Customization: Replaceable corners mounted to anti-vibration rubber dampers allow you to match your fans with the rest of your build (Available separately in Red, White, and Blue).

Internet Reviews	The ML140 Pro fans are great performers, very well built and backed by good packaging, customer support and warranty. The LED option versions look good as well, and I am sure people will find reasons to justify the price no matter what. **80%** THERMALBENCH RATING 0 10 20 30 40 50 60 70 80 90 100 Click "Here" to read more
