CableMod ModMesh™ Cat 6 Ethernet Cable - 2m - Blood Red

Special Price
$9.95 was
$19.90

Product Images

Short Description

Brighten up your network with the CableMod ModMesh™ Ethernet Cable. Using the very same sleeving

material as our other ModMesh cables, this Ethernet cable is the ideal way to extend your color theme and add a splash of color outside your system. Our durable new ModMesh sleeving is ultra-dense to completely hide the wire underneath, while the heatshrink-free construction means that only the vibrant color of the sleeving shines through.

Description

Brighten up your network with the CableMod ModMesh™ Ethernet Cable. Using the very same sleeving material as our other ModMesh cables, this Ethernet cable is the ideal way to extend your color theme and add a splash of color outside your system. Our durable new ModMesh sleeving is ultra-dense to completely hide the wire underneath, while the heatshrink-free construction means that only the vibrant color of the sleeving shines through.

Of course, the CableMod ModMesh Ethernet Cable only uses choice materials to deliver maximum performance for today's high-speed networks. The 24AWG pure copper wiring ensures maximum throughput, and CAT6 classification makes this a perfect choice for 10/100/1000/10G BASE-T networks. UTP shielding minimizes crosstalk for fast and reliable data transmission, and aluminum-reinforced connectors mean that CableMod ModMesh Ethernet Cables are built to last.

Additional Information

Brand	CableMod
SKU	CM-CAB-CAT6-N200KBR-R-DC
Weight	0.1000
Color	Red
Cable Type	CAT 6 Ethernet
Length	2 meters
Vendor SKU/EAN	0630158282807
Special Price	$9.95
