Description

RevolverSX Rigid tubing fittings, PrimoChill's answer to hodge podge of different colors used in your watercooling build. RevolverSX is the foundation of your next build, pick the color that best matches your build and simply install, now that was EASY... Powering the modder and watercooler alike.

Taking your system to the next level is an art form driven by color and textures. PrimoChill's latest offering of water cooling rigid compression fittings has married these features into one incredible fitting poised to dominate the market once again. Years in the making. The RSX fitting truly represents the principles of PrimoChill. A fitting built for functionality complimented by its distinct aesthetics. Not all fittings are created equal. The RSX is proof of this. Yet, the road has been proven difficult. Prototypes. Revisions. Testing. More testing. Back to the drawing board. Tears. Sweat. Long nights of no sleep. More revisions. Until finally now. A product you deserve. A fitting that gives you the creative freedom all while making sure your PC is taken care of. We understand that water cooling is more than a hobby. It's a lifestyle. We don't mess around. This one's for you.

Specifications

Parts Included:

- 1x RevolverSX Fittings

Compatibility:

These fittings are designed to work with any 1/2 in. OD rigid tubing including PETG, PMMA, and Copper tubing.

Although aluminum is used for the outside compression ring, no aluminum comes in direct contact with the fluid so mix metal corrosion is not an issue.

RSX caps are coated with a durable powder coat but we still recommend handling with care so you can enjoy the finish for years to come.
