

# Cooler Master Seidon 120V - Compact All-In-One CPU Liquid Water Cooling System with 120mm Radiator and Fan

\$99.99

## Product Images

## Short Description

---

The Seidon 120V is Cooler Master's latest compact water cooling kit with the best cost/performance ratio. The water block and 120mm PWM fan work side by side to dissipate heat efficiently. No maintenance is needed for this water cooling solution. It fits in virtually every case, and is compatible with every available Intel and AMD platform.

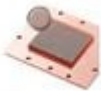

## Description

---

The Seidon 120V is Cooler Master's latest compact water cooling kit with the best cost/performance ratio. The water block and 120mm PWM fan work side by side to dissipate heat efficiently. No maintenance is needed for this water cooling solution. It fits in virtually every case, and is compatible with every available Intel and AMD platform.

## Features

---

-  **Optimized pump and water block** The optimized pump and water block provide excellent water flow and system performance. The durable FEP Tubing provides the advantages of nearly no moisture absorption, high thermal stability, and high pressure tolerance.
-  **Maximum water contact surface** The precision machined micro-channel maximizes the water contact surface for quickly heat dissipation.
-  **120mm PWM fan** The water cooler comes with a 120mm PWM fan with a wide RPM range.

The fan operates at low RPM when you do everyday computing, and operates at high RPM when you play intense games. Enjoy the best balance between cooling performance and noise level!

-  *Universal mounting solution* The tool-free universal mounting system is compatible with all available Intel and AMD platforms.
-  *Blue LED indicator* The blue LED indicator shines brightly when the pump is running properly.
-  *Maintenance free* The Seidon 120V is factory filled with coolant, then sealed and pressure tested. No maintenance is NEEDED for years!

## Additional Information

---

Brand	Cooler Master
SKU	RL-S12V-24PK-R1
Weight	3.5000
Color	Black
Block CPU Type	Intel/AMD
Vga	AMD Radeon RX 6800XT Nitro+
Pump Type	Other
Radiator Size	120 (1 x 120mm)
Radiator Thickness	27mm
Vendor SKU/EAN	4719512045084
