Short Description

Alphacool is making great strides with the new NexXxoS GPX coolers! This new cooling concept offers optimal performance and quality at a reasonable price!

Description

Alphacool is making great strides with the new NexXoS GPX coolers! This new cooling concept offers optimal performance and quality at a reasonable price!

Features

Function

The GPU is actively cooled through the ingenious new injection technology. All the other chips are sufficiently cooled through the passive cooler in which the GPU water cooler is enclosed.

Cross Slot Structure

The cross slot technology in the base plate, patented in 2004 and used in the Alphacool NexXoS XP, has been developed further. The fins and channel structure have been refined. The remaining panes are 0.5 x 0.5mm in size and 2.5mm tall. This enables a very large and fast rate of heat transfer from the copper to the coolant.

SLI Operation

Through the outside-facing inlet and outlet, this cooler can be used in SLI configurations with little difficulty. This way, up to four graphics cards can be connected with the Alphacool GPX SLI Connector.

Backplate

Every cooler now includes a backplate which uses little passive cooling fins to cool the graphics card again, as well as giving the graphics card a finished appearance and protecting it at the same time.

Cooling fins

Passive cooling happens through perfectly balanced, barely 18mm deep cooling fins, which completely cover the remaining parts of the graphics card. Light air circulation in the case means this cooler is in no way inferior to conventional coolers.

Graphics card not included

Specifications

Connector:	2x G1/4
Cooler model:	Complete cooler
Hardware manufacturer:	NVIDIA
Hardware model:	GTX 1060
Hint:	Compatible till 16/13mm straight, Compatible till 9/13mm angled
Manufacturer:	Alphacool
Material cooling plate:	Copper

Material top cover: Plastic

SLI compatibel: Yes (Special adapter)

Compatibility

- KFA² GeForce GTX 1060 6GB EXOC, 6GB GDDR5, 2x DVI, HDMI, DisplayPort (60NRH7DVM6EK)

Scope of Delivery

- 1x Graphics card cooler
- 1x Backplate
- Thermal pads
- Thermal paste
- Assembly materials

Additional Information

Brand	Alphacool
SKU	AC-11419-D
Weight	2.6000
Color	Black
Vga	GeForce GTX 1060
Block GPU Type	Nvidia
Block Style	Copper
Vendor SKU/EAN	4250197114196
Special Price	\$9.99
