

SilverStone Tundra TD02-SLIM-V2 Complete All-In-One Liquid Cooler

\$111.99

Product Images

Short Description

The advantages of a pre-filled, closed loop or all-in-one (AIO) liquid cooler are the convenience of installation and improved compatibility over high end air cooling solutions. The use of liquid as heat transfer medium also brings about improved cooling performance at the expense of higher cost. Due to limited room in smaller cases, small form factor users are often left out of liquid cooling option, so SilverStone has released the Tundra TD02-SLIM.

Description

The advantages of a pre-filled, closed loop or all-in-one (AIO) liquid cooler are the convenience of installation and improved compatibility over high end air cooling solutions. The use of liquid as heat transfer medium also brings about improved cooling performance at the expense of higher cost. Due to limited room in smaller cases, small form factor users are often left out of liquid cooling option, so SilverStone has released the Tundra TD02-SLIM. Designed for small form factor PCs, this cooler has a radiator and fan combo of only 37mm thick, making it possible to fit into slimmer profile cases or giving more space in tight confines. By retaining many of the high end features from SilverStone's other liquid cooling models, the TD02-SLIM also has great performance for the money and is a top choice for high performance but small PC builds.

* White LED water blocks are produced from V2.0 and after.

Features

- Super slim 37mm total thickness for radiator and fan
- Maintenance free, no refill required
- Dual auto adjustable 120mm slim PWM fans included
- Thick, leak-proof tubing improve reliability
- 0.2mm micro-channel water block design for improved
- Large 100% copper base plate for fast heat transfer
- Integrated LED indicator
- Compatible with socket LGA775/115X/1366/2011/2011-v3/AM2/AM3/FM1/FM2
- Compatible with socket LGA775/115X/1366/2011/2011-v3/AM2/AM3/AM4/FM1/FM2 (V2)

Specifications

Model No.	SST-TD02-SLIM SST-TD02-SLIM-V2 (adds AM4 supports)	
Water block	Dimension	65mm (L) x 65mm (W) x 39.2mm (H) 2.56" (L) x 2.56" (W) x 1.54" (H)
	Material	Copper base with plastic body
	Motor speed	2500±200RPM
Pump	Rated Voltage	12V
	Rated Current	0.28A
Fan	Dimension	120mm (L) x 120mm (W) x 15mm (D) 4.72" (L) x 4.72" (W) x 0.59" (D)
	Speed	800~2200RPM
	Noise level	16.5~27.4 dBA
	Rated Voltage	12V
	Rated Current	0.02 ~ 0.15A
Radiator	Max airflow	13.1 ~ 35.85CFM
	Pressure	0.31 ~ 1.84 mmH2O
	Connector	4 Pin PWM
	Dimension	273mm (L) x 120mm (W) x 22mm (H) 10.75" (L) x 4.72" (W) x 0.87" (H)
	Material	Aluminum
Tube	Length	310mm
	Material	Rubber
Application	Intel Socket LGA775/115X/1366/2011/2011-v3 AMD Socket AM2/AM3/*AM4/FM1/FM2	
Net Weight	695g	

Additional Information

Brand	SilverStone Technology
SKU	SST-TD02-SLIM-V2
Weight	7.0000
Block CPU Type	Intel/AMD
Pump Type	Other
Radiator Size	240 (2 x 120mm)
Radiator Thickness	22mm
Vendor SKU/EAN	844761015060
