Short Description

To satisfy users with high demands for Type-A and Type-C connections, SilverStone created the EP09 USB 3.1 Gen 1 hub. It has four USB 3.1 Gen 1 fast connecting ports and is compliant with USB power delivery specification 1.2 (BC 1.2) for fast charging supported mobile devices. To minimize the chance of having to use adapters, the four available ports are divided into two Type-A and two Type-C ports so for those looking for a hub that can connect to nearly everything, the EP09 is a great choice.
