## Short Description

---

Add vibrant color to your AIO cooler with the CableMod AIO Sleeve Kit. This kit is designed for NZXT® Kraken, Corsair® Hydro PRO, EVGA® CLC, and EVGA® GPU Hybrid AIO coolers, and is the quickest and easiest way to spice up your AIO setup.

The CableMod AIO Sleeve Kit begins with our exclusive ModWrap™ Sleeve. This flexible sleeve wraps around your AIO tubing, and comes in variety of brilliant colors. This newest sleeve from CableMod is also color-matched to CableMod ModMesh™ sleeve, which means that it is a perfect match for your CableMod ModMesh cables.

## Description

---

Add vibrant color to your AIO cooler with the CableMod AIO Sleeve Kit. This kit is designed for NZXT® Kraken, Corsair® Hydro PRO, EVGA® CLC, and EVGA® GPU Hybrid AIO coolers, and is the quickest and easiest way to spice up your AIO setup.

The CableMod AIO Sleeve Kit begins with our exclusive ModWrap™ Sleeve. This flexible sleeve wraps around your AIO tubing, and comes in variety of brilliant colors. This newest sleeve from CableMod is also color-matched to CableMod ModMesh™ sleeve, which means that it is a perfect match for your CableMod ModMesh cables.

Installation is a total breeze. Simply wrap the ModWrap sleeve around your AIO tubing, and complete the look with the included molded fastening clips. These clips not only help secure the sleeve to your AIO tubing, but also give the setup a professional finish. The entire tool-free installation process takes less than three minutes, and because no disassembly is required, will not void your AIO's warranty.
