

Reeven Tower CPU Cooler for JUSTICE

\$46.50

Product Images

Short Description

Powerful and effective, JUSTICE offers more than just cool.

The cooler comes equipped with one 120mm PWM fan, however a 2nd fan can be mounted onto the radiator to generate greater airflow and push the cooler to its limits.

Description

Powerful and effective, JUSTICE offers more than just cool.

The cooler comes equipped with one 120mm PWM fan, however a 2nd fan can be mounted onto the radiator to generate greater airflow and push the cooler to its limits.

Features

Wider AL Fins

- Aluminum fins with remarkably large surfaces carry heat away faster.

High Quality Heatpipes

- The 6 high quality heatpipes guarantee superior performance and efficient heat dissipation.

High Airflow PWM Fan

- A pre-assembled 12025 PWM fan with eye-catching yellow blades provides exceptionally high airflow and static pressure.

Specifications

Additional Information

Brand	Reeven
SKU	RC-1204
Weight	2.2500
Heatsink Type	CPU Heatsink
Material	Aluminum
Fan Dimensions	120mm
Fan RPM	1500
Fan CFM	82
