## Short Description

---

You want it? --You *got* it! Introducing 90-degree connector adapters from ModMyToys! Tired of dealing with those combed individually-sleeved wires and getting them wrangled and angled like a cowboy IT network-administrator? These adapters are the perfect solution! Available in all-black to blend in with most rigs, you can use your existing cable installs as they use industry-standard connectors. Simply click them in, tuck your cables, and you're ready to rock! With a variety of connector types to cover most install situations with the GPU as well as mobo, you have plenty of options available to choose from. Yet another kick-ass product brought to you by ModMyToys!
