

SilverStone MS09 M.2 SATA Portable USB 3.1 Portable Enclosure

\$46.99

Product Images

Short Description

To take advantage of the increased popularity of M.2 solid state drives, SilverStone created the MS09, a premium, pocketable M.2 enclosure. It has an exquisite anodized aluminum exterior with a size that is nearly as small as common USB thumb drives. Internally, it fits M.2 SATA SSD up to 80mm so the MS09 can be used with a wide variety of new or repurposed M.2 SATA SSD from laptops and turning them into high-speed USB

flash drive.

Description

To take advantage of the increased popularity of M.2 solid state drives, SilverStone created the MS09, a premium, pocketable M.2 enclosure. It has an exquisite anodized aluminum exterior with a size that is nearly as small as common USB thumb drives. Internally, it fits M.2 SATA SSD up to 80mm so the MS09 can be used with a wide variety of new or repurposed M.2 SATA SSD from laptops and turning them into high-speed USB flash drive. To make the most of M.2 SATA SSD's performance, it also incorporates USB 3.1 Gen 2 interface for superfast read / write and excellent compatibility. Lastly, the MS09 is designed to work without additional driver installation so you can conveniently take it anywhere and use it on nearly any PC instantly.

Features

- Support 2260 or 2280 form factors of B key M.2 SATA SSD
- Premium all aluminum exterior with small, pocketable design
- Latest USB 3.1 Gen 2 interface up to 10Gb/s super speed transfer rate
- Robust USB Type-A interface and no driver installation required
- Retractable USB connector design
