Short Description

The PrimoChill CTR Hard Mount Reservoir Radiator Mount is a pair of acrylic mounting plates designed to adapt your "hard Mount" CTR to a radiator. By incorporating these into the existing mounts on the reservoir you can add compatibility for 280 and 420 radiators.

Description

The PrimoChill CTR Hard Mount Reservoir Radiator Mount is a pair of acrylic mounting plates designed to adapt your "hard Mount" CTR to a radiator. By incorporating these into the existing mounts on the reservoir you can add compatibility for 280 and 420 radiators.

A 120mm Hard Mount CTR (with and without pump) along with this mount works for 280mm radiators. A 240mm Hard Mount CTR (with and without pump) along with this mount works for 420mm radiators.
