

# Thermaltake Pacific RL360 D5 Hard Tube RGB Water Cooling Kit

\$499.99

## Product Images

## Short Description

---

As part of its “hardcore” spirit towards the ultimate in custom PC water cooling, Thermaltake has launched the new Pacific RL360 D5 Hard Tube RGB Water Cooling Kit. The kit is composed of one Pacific W1 CPU water block, one Pacific PR22-D5 pump and reservoir combo, one Pacific RL360 radiator, four V-Tubler PETG tubes, six Pacific G1/4 compression fittings (chrome), three Riing 12 LED RGB fans, one C1000 Opaque coolant red and other accessories. Together, these provide exceptional performance, unrivalled reliability, and styling to enthusiasts.

## Description

As part of its “hardcore” spirit towards the ultimate in custom PC water cooling, Thermaltake has launched the new Pacific RL360 D5 Hard Tube RGB Water Cooling Kit. The kit is composed of one Pacific W1 CPU water block, one Pacific PR22-D5 pump and reservoir combo, one Pacific RL360 radiator, four V-Tubler PETG tubes, six Pacific G1/4 compression fittings (chrome), three Riing 12 LED RGB fans, one C1000 Opaque coolant red and other accessories. Together, these provide exceptional performance, unrivalled reliability, and styling to enthusiasts.

## Features

---

“Tt LCS Certified” is the hallmark that ensures first-class performance from the best features and fitment. A certification exclusive to Thermaltake, it sets the benchmark for all true LCS chassis and is applied only to products that meet our stringent design standards for delivering what hardcore enthusiasts demand. The Tt LCS certification is a way for Thermaltake to designate to all power users the chassis which have been tested for best compatibility with extreme liquid cooling configurations.

### Pacific W1 CPU Water Block

The W1 CPU water block is constructed with a copper base and anti-corrosive nickel plating to provide exceptional heat transfer and cooling performance. Fits all modern CPU sockets.

### Pacific PR22-D5 Pump/Reservoir Combo

The PR22-D5 includes a 300ml reservoir and D5 pump to provide the perfect combination for proper water cooling circulation and capacity, manufactured from high quality POM and PMMA material.

### Riing 12 RGB High Static Pressure LED Radiator Fan (3 Fans Pack)

Three patented circular 256 multicolored 120mm RGB radiator fans with high-static pressure design, one smart fan controller included.

### Pacific RL360 Radiator

With high-density fin design (FPI: 14), the 360mm radiator is optimized to accommodate high airflow and high air pressure with increased capacity and provides superior cooling performance to all components.

### C1000 Opaque Coolant Red

Made in Germany, the non-flammable C1000 Opaque Coolant is a ready-to-use cooling solution with at least 3 years shelf life in airtight containers, providing great performance while preventing the entire cooling system – copper, brass, nickel, and aluminum – from corrosion.

### Pacific G1/4 PETG Tube 16mm (5/8") OD Compression Fittings (Chrome)

Six durable copper compression fittings allow proper connection to G1/4" ports to properly secure to cooling components.

### V-Tubler PETG Tube 5/8" (16mm) OD 500mm (4 Pack)

Manufactured from premium PETG, the V-Tubler rigid tubing provides custom PC water cooling configurations with reliability and durability from end to end.

### Remarkable Expansion

The Pacific RL360 D5 Hard Tube RGB Water Cooling Kit provides multiple LCS components for PC enthusiasts to build the ultimate in custom configuration, allowing them to build up aesthetically-superior water cooling systems by incorporating externally-modular upgrades for their chassis.

## Specifications

---

P/N	CL-W129-CA12SW-A
Dimension (H x W x D)	223 (H) x 198 (W) x 518 (L)
Weight	5.5 kg
Compatibility	Intel LGA 2011/1366/1155/1156/1151/1150/775 AMD FM2/FM1/AM3+/AM3/AM2+/AM2
Components Dimension	Pump&Reserooir: 289.4 (H) x 84 (W) x 97.5(L) Radiator : 64 (H) x 129 (W) x 402.5 (L)
Tube Dimension	OD : 16mm , ID : 12mm , L : 500mm
Fan Color	Riing 256 Colors
Coolant Color	Red
Kit Contents	<p>CPU Water Block</p> <ul style="list-style-type: none"> <li>- Pacific W1 CPU Water Block x1</li> </ul> <p>Pump/Reservoir</p> <ul style="list-style-type: none"> <li>- Pacific PR22-D5 Pump/Reservoir Combo x1</li> </ul> <p>Radiator</p> <ul style="list-style-type: none"> <li>- Pacific RL360 Radiator x1 64 (H) x 129 (W) x 402.5 (L) x1 Fittings</li> </ul> <p>Pacific G1/4 PETG Tube 16mm OD Compression</p> <ul style="list-style-type: none"> <li>- Chrome x6</li> </ul> <p>Fan</p> <ul style="list-style-type: none"> <li>- Riing 12 LED Radiator Fan 256 Color 3 Pack</li> </ul> <p>Tube</p> <ul style="list-style-type: none"> <li>- V-Tubler PETG Tube 16mm(5/8") OD 500mm 4Pack x1</li> </ul> <p>Coolant</p> <ul style="list-style-type: none"> <li>- C1000 Red Opaque Coolant 1000ml x1</li> </ul> <p>Accessory</p> <ul style="list-style-type: none"> <li>- Intel and AMD Universal Backplated &amp; Mounting Kit</li> <li>- 24pin ATX Bridge Tool x1</li> <li>- Thermaltake Thermal Grease x1</li> </ul>

## Additional Information

---

Brand	Thermaltake
SKU	CL-W129-CA12SW-A
Weight	14.0000
Block CPU Type	Intel/AMD
Pump Type	Laing D5
Radiator Size	360 (3 x 120mm)
Radiator Thickness	64mm
Reservoir Type	Tube Res
Tube Res Length	300mm
