Thermaltake Core G21 Dual 4mm Tempered Two-Toned Glass Power Cover ATX Black Gaming Computer Case

$69.99

Product Images

Short Description

The Core G21 Tempered Glass Edition Mid-Tower Chassis features durable 4mm thick tempered glass windows, a built-in power supply cover for clean cable management, and its excellent expandability and ventilation for high-end gaming configurations. The Core G21 TG supports the latest PC hardware, including the most advanced graphic cards, and air/liquid cooling solutions. Build your ultimate dream rig with Thermaltake Core G21 TG Edition!

Description

The Core G21 Tempered Glass Edition Mid-Tower Chassis features durable 4mm thick tempered glass windows, a built-in power supply cover for clean cable management, and its excellent expandability and ventilation for high-end gaming configurations. The Core G21 TG supports the latest PC hardware, including the most advanced graphic cards, and air/liquid cooling solutions. Build your ultimate dream rig with Thermaltake Core G21 TG Edition!

Features

Tt LCS Certified
Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

Left and Right 4mm Thick Tempered Glass Window Design

Premium-quality 4mm thick tempered glass guarantees the durability of the window; moreover, the two-panel tempered glass design permits users to admire their system from either left side or right side.

Fully Modular Concept
The fully modular drive brackets provide the ease of installation/removal and maximize the interior space for custom cooling loop. Especially, the tool-less drive bay design allows users to freely interchange the 3.5" and 2.5" hard-drives to suit their particular needs.

Power Supply Cover For A Clean Build
Designed for advanced cable management, the pre-mounted PSU shroud allows the entire bottom area of the case to be used to reorganize unused cables.

Excellent Expandability
The Core G21 TG features its roomy installation space for high-end PC hardware. It supports a tower CPU cooler with maximum height 160mm, and a dual expansion slot VGA of up to 410mm in length. Moreover, it has the ability to accommodate multiple 3.5"/2.5" storage devices.

Superior Cooling Capability
The Core G21 TG is optimized for fast ventilation, along with its support for advanced liquid cooling solutions. With a mesh panel design, the case can house up to triple 120mm or dual 140mm intake fans plus an included 120mm exhaust fan that provide efficient airflow for the system.

Specifications

P/N	CA-1I4-00M1WN-00
Case Type	Mid Tower
Dimension (H x W x D)	476 x 208 x 471 mm (18.7 x 8.2 x 18.5 inch)
Net Weight	8.05 kg / 17.74 lb
Side Panel	4mm Tempered Glass x 2 (Left & Right)
Color	Exterior & Interior : Black
Material	SPCC
Cooling System	Rear (exhaust) : 120 x 120 x 25 mm fan (1000rpm, 16dBA)
Drive Bays	-Accessible -Hidden -2 x 2.5" ; 2 x 3.5" or 2 x 2.5"

Expansion Slots	7
Motherboards	6.7" x 6.7" (Mini ITX), 9.6" x 9.6" (Micro ATX), 12" x 9.6" (ATX)
I/O Port	USB 3.0 x 2, HD Audio x 1
PSU	Standard PS2 PSU (optional)
Fan Support	Front: 3 x 120mm, 2 x 140mm Top: 1 x 120mm, 1 x 140mm Rear: 1 x 120mm Bottom: 1x 120mm
Radiator Support	Front: 1 x 360mm, 1 x 280mm Rear: 1 x 120mm
Clearance	CPU cooler height limitation: 160mm VGA length limitation: 410mm PSU length limitation: 220mm
