

Thermaltake Versa N27 Snow Edition ATX Gaming Mid Tower Computer Case

\$61.99

Product Images

Short Description

The new Versa N27 Snow window mid-tower chassis features a sleek mirror-pane design and supports up to a standard ATX motherboard and CPU cooler installation. The Versa N27 Snow is ideal for space-conscious gamers who design with high-end hardware and expansion in mind. Additionally, the Versa N27 Snow

combines a manageable frame size with extensive options to personalize a computer or gaming system.

Description

The new Versa N27 Snow window mid-tower chassis features a sleek mirror-pane design and supports up to a standard ATX motherboard and CPU cooler installation. The Versa N27 Snow is ideal for space-conscious gamers who design with high-end hardware and expansion in mind. Additionally, the Versa N27 Snow combines a manageable frame size with extensive options to personalize a computer or gaming system.

Features

Gaming-Oriented Concept

Designed for gamer, the glossy black front/top panels deliver stylish images. The heightened foot-stands at the bottom help enhance airflow, and a full transparent side window offers the ultimate view of the inner system.

Tool-free Design

The innovative 3.5" / 2.5" tool-free drive bay design minimizes the hassles of installation/removal. The trio drive bay concept of "4 + 2" offers a good ratio for accessories and storage devices.

Hidden I/O Ports

The top-front panel features one USB 3.0 data transfer port along with two standard USB 2.0 ports as well as HD microphone and headset jacks to grant direct access when needed.

Optimized Ventilation

A preinstalled 120mm rear exhaust fan and two optional 120mm intake fans with an integrated dust filter optimize system ventilation. Pre-mounted holes support motherboards up to standard ATX. CPU cooler installations with up to 160mm, radiator at the top up to 240mm, and 360mm long graphic cards are supported.

AIO LCS Cooling Support

The new Versa N27 is compatible with the all-in-one liquid cooling system without the need for extra bracket, supporting dual 120mm radiators on the top and a 120mm radiator in the rear to enhance the cooling performance.

Specifications

P/N	CA-1H6-00M6WN-00
Case Type	Mid Tower
Dimension (H x W x D)	502 x 201 x 473 mm (19.8 x 7.9 x 18.6 inch)
Net Weight	4.7 kg / 10.4 lb
Side Panel	Full Window
Color	Exterior & Interior : White & Black
Material	SPCC
Cooling System	Rear (exhaust) : 120 x 120 x 25 mm fan (1000rpm, 16dBA)
