

Thermaltake View 71 Tempered Glass Edition Full Tower Chassis

\$199.99

Product Images

Short Description

Designed to expand the legacy of the View Series lineup, the View 71 Tempered Glass Edition Full Tower Chassis features unrivaled cooling support and expandability surrounded in tempered glass for a one of a kind view. Swing open full window tempered glass panels for easy access with all panels properly spaced for optimal airflow. Preinstalled with two 140mm Riing Blue fans, Vertical GPU mount and 3-Way radiator

support for today's PC hardware demands, the only limitation is your imagination.

Description

Designed to expand the legacy of the View Series lineup, the View 71 Tempered Glass Edition Full Tower Chassis features unrivaled cooling support and expandability surrounded in tempered glass for a one of a kind view. Swing open full window tempered glass panels for easy access with all panels properly spaced for optimal airflow. Preinstalled with two 140mm Riing Blue fans, Vertical GPU mount and 3-Way radiator support for today's PC hardware demands, the only limitation is your imagination.

Features

Tt LCS Certified

Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

Four-Sided 5mm Thick Tempered Glass Panels with Swing Door Design

Premium-quality 5mm thick tempered glass guarantees the durability of the window and adds overall strength to the chassis. Swing Doors on either side allows users to demonstrate their DIY spirit and enjoy the ultimate internal component visibility. Take on easy to install building with a fully modular design and easy removal of swing door for full access.

Make the Move to Modular Design

The View 71 TG Edition enables users to freely build their system from the ground up with modular panels, racks, brackets, and pre-design mounting arrays. No more unreachable screw corners or gaps to enjoy even more space for your precious parts during installation or maintenance.

Tool-Free Installation

Innovative 3.5" and 2.5" tool-free drive bay design minimizes the hassles of installation/removal, allowing users to freely interchange the 3.5" and 2.5" storage drives to secure and store with ease.

High-End Complete Solution

The View 71 TG Edition allows users to build a complete high-end system that supports motherboards up to standard E-ATX with high-wattage PSU up to 220mm length. With extended graphic card support (up to 410mm), the case simultaneously protects the hardware and increases the CPU's overclocking potential for users looking to get the most out of their hardware. Modular HDD cage design offers more flexibility for custom cooling loops to take advantage of high-end, maximum capacity, cooling allotment without the

reduction of GPU length limitations when incorporating enthusiast grade liquid cooling systems.

*Note: Cable management compatibility may vary based on motherboard size and design.

Riser GPU Support Bracket

Specially designed for dual GPU placement options, the View 71 TG Edition has the support for vertical graphic card layout with dual PCI-E slots design. Integrated riser GPU support bracket not only prevents the graphic card from sagging, but also helps to reduce the weight on the motherboard PCI-E slots.

Thermaltake TT Premium PCI-E 3.0 Extender (Optional) – Supports a wide range of GPU solutions with ultra-excellent quality. Features like, extreme high-speed cable with highly-routable design, EMI shielding with conducting polymer are crafted for meeting the most demanding system. Available in 300mm, 600mm and 1000mm length.

*PCI-e riser cable is optional.

*VGA width limitation when using with GPU bracket: 68mm (3.4 expansion slot reference).

AIO/DIY Liquid Cooling Capable

The View 71 TG Edition features its roomy installation space for advanced AIO/DIY liquid cooling components. The case is natively supported for all types of AIO liquid cooling solutions. The case has the capability to house up to triple 420mm DIY liquid cooling radiator fitment and up to 360mm AIO liquid coolers. Most importantly, the case design is optimized for providing users a quick way to access the drain valve without having to turn around the entire PC when evacuating coolant from the loop.

*Radiator configurations and compatibility may vary depending on radiator size and thickness.

Vertical Radiator View (VRV)

Turn the tides on traditional radiator mounting and bring out the glorious view of custom loop or all-in-one radiator applications with vertical radiator viewing. Supporting proper placement for 120mm and 140mm radiator applications up to 420mm in length, gain more compatibility when pairing up both CPU and GPU cooling solutions. Take on even more with custom loop options for enthusiast grade cooling, fitment and flow.

*Recommend to use Thermaltake’s all-in-one liquid cooler when applying vertical AIO radiator mounting.

Specifications

| | |
|-----------------------|---|
| P/N | CA-1I7-00F1WN-00 |
| Case Type | Full Tower |
| Dimension (H x W x D) | 592 x 274 x 577 mm (23.3 x 10.8 x 22.7 inch) |
| Net Weight | 18.9 kg / 41.66 lb |

| | |
|--------------------------------------|--|
| Side Panel | 5mm Tempered Glass x 4 (Left & Right & Front & Top) |
| Color | Exterior & Interior : Black |
| Material | SPCC |
| Cooling System | Rear (exhaust) : 140 x 140 x 25 mm Riing LED Blue fan (1400rpm, 28dBA) (1000rpm, 22 dBA with LNC) Front (intake) : 140 x 140 x 25 mm Riing LED Blue fan (1400rpm, 28dBA) (1000rpm, 22 dBA with LNC) |
| Drive Bays -Accessible -Hidden | - 2.5" x 4 or 3.5"x4(HDD Rack) 2.5"x 6 or 3.5" x 3 |
| Expansion Slots | 8+2 |
| Motherboards | 6.7" x 6.7" (Mini ITX), 9.6" x 9.6" (Micro ATX), 12" x 9.6" (ATX), 12" x 13"(E-ATX) |
| I/O Port | USB 3.0 x 2, USB 2.0 x 2, HD Audio x 1 |
| PSU | Standard PS2 PSU (optional) |
| Fan Support | Front: 3 x 120mm , 2 x 140mm Top: 3 x 120mm , 3 x 140mm Rear: 1 x 120mm, 1 x 140mm Bottom: 2 x 120mm |
| Radiator Support | Front: 1 x 360mm , 1 x 420mm Top: 1 x 360mm , 1 x 420mm Rear: 1 x 120mm, 1 x 140mm Right: 1 x 360mm, 1 x 420mm Bottom: 1 x 240mm |
| Clearance | CPU cooler height limitation: 190mm VGA length limitation: 310mm(With HDD Rack) 410mm(Without HDD Rack) PSU length limitation: 220mm (Without Bottom Fan) |

Additional Information

| | |
|---------------------|------------------|
| Brand | Thermaltake |
| SKU | CA-1I7-00F1WN-00 |
| Weight | 75.0000 |
| Color | Black |
| Chassis Form Factor | Full Tower |
| Side Panel | Window |
| Material | Steel |
| PSU Wattage | No PSU |
| Vendor SKU/EAN | 841163000571 |
