

# Thermaltake Pacific Flow Indicator One - Black

\$29.99

## Product Images

## Short Description

---

By installing a safety valve into the cooling loop, the new Pacific Flow Indicator One with five fan blades design provides a great way to check the flow of the system. Featuring exceptional performance and unrivalled reliability, the Pacific Flow Indicator One is compatible with any standard G1/4 fitting on each end and is manufactured from high quality POM and PMMA material to provide a crystal clear, high performance, and durable liquid cooling solution.

## Description

---

By installing a safety valve into the cooling loop, the new Pacific Flow Indicator One with five fan blades design provides a great way to check the flow of the system. Featuring exceptional performance and unrivalled reliability, the Pacific Flow Indicator One is compatible with any standard G1/4 fitting on each end and is manufactured from high quality POM and PMMA material to provide a crystal clear, high performance, and durable liquid cooling solution.

## Features

---

Tt LCS Certified is a Thermaltake exclusive certification applied only to products that pass the design and hardcore enthusiasts standards that a true LCS chassis should hold to. The Tt LCS certification was created so that we at Thermaltake can indicate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations, ensuring you get the best performance from the best features and fitment.

True High-Flow Design

Made in Taiwan, both ends of the Pacific Flow Indicator One are G1/4 thread with five fan blades design; users can use any standard fitting on each end. The high quality PMMA cover allows users to directly see

through the flow indicator.

#### Changeable Flow Direction

Users can freely change the flow direction of the Pacific Flow Indicator One either clockwise or counterclockwise. Plug and play design – no additional tools needed and ready to work in seconds.

#### Easy & Flexible Application

Pacific Flow Indicator One allows enthusiasts to build a superior water cooling system from an aesthetic standpoint and incorporate externally-modular upgrades into their chassis.

## Specifications

---

P/N	CL-W106-PL00BL-A
Dimension	63.3 H x 46.5 W x 28 L
Weight	64 g
Material	POM + PMMA
Screw Thread	G 1/4

## Additional Information

---

Brand	Thermaltake
SKU	CL-W106-PL00BL-A
Weight	0.3000
Msc Watercool	Flow Indicator
Material	Delrin (POM)
