

# Thermaltake Core P90 Tempered Glass Edition Mid-Tower Chassis - Black

\$199.99

## Product Images

## Short Description

---

Take presentation to the next level with the Core P5 Green Edition Open Frame chassis by Thermaltake. The fully modular design of the Core P5 allows flexibility for 3-way placement layouts (Wall mount, Horizontal and Vertical), dual GPU layout locations: Horizontal and Vertical and placement locations for liquid cooling components. Uncover greatness with the Core P5's panoramic viewing angle with its large acrylic window to protect and present. Seeing is believing, the Core P5 brings the ultimate in PC hardware viewing wherever you mount or display.

## Description

---

Thermaltake has kicked open-frame chassis up to a notch and presented the Core P90 Tempered Glass Edition Mid-tower Chassis. The Core P90 TG boasts the case structure split into three compartments for graphic card, PSU and other cooling components. The triangular prism shaped body and two 5mm thick tempered glass side panels turn the Core P90 into a hexagonal prism outlined creature, allowing for an ultimate system display from every angle. Along with its 3-way placement layouts (wall mountable, horizontal laying and vertical standing), 7 drive bays with modular drive trays design and high liquid cooling system expandability, the Core P90 TG permits users upgraded aesthetics and limitless potential with how they want to configure their systems.

## Features

---

Tt LCS Certified

Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiast standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

### Structure Split into Three Cabins with Two 5mm Thick Tempered Glass Panels for Revolutionary System Display

Thermaltake gives open frame case a revolutionary look with Core P90 by splitting the integral structure into three compartments and adopting two 5mm thick tempered glass windows to allow users for fully display every interior component of the system from every angle and show off their skill set.

### 3-Way Placement Layout

The Core P90 TG is designed for use in three different ways: Wall-mount, vertical and horizontal placement. Users can take it to wherever they want and display the nice builds vertically or horizontally while ensuring outstanding cooling performance. It elevates the potential for customization and makes it the kind that people will stare at in envy.

### Fully Modular Concept

The fully modular concept minimizes the hassles of installation and removal. Especially, the 3.5" & 2.5" drive bay is applied tool-less design that allows users to freely interchange the hard-drives to suit their particular needs.

#### *3.5" or 2.5" HDD Drive Compatible*

### Superior Hardware Support

The Core P90 TG supports motherboards up to standard ATX, a tower CPU cooler with maximum height 180mm, a VGA of up to 320mm in length and a PSU with up to 220mm length. Also, users are allowed to mount up to two 3.5" and three 2.5" storage device or up to five 2.5" inside the right side panel and two 3.5" or 2.5" behind M/B tray into the build at the same time.

### Supreme Liquid-Cooling Support

Core P90 TG enables users to build a complete high-end system, whilst supporting up to either a 480mm radiator liquid cooling on the right side, or up to three 140mm case fans on the left, with a long graphic card at the same time, and simultaneously providing the best visual effects as well as increasing the CPU's case modding potential. Most importantly, it has the capability to deliver an outstanding cooling efficiency throughout the entire case.

### Versatile GPU & PSU Orientation

A standard PCI-E 3.0 Riser Cable is included for users to choose the way they want to build the system. It also has the support for vertical PSU layout when ATX motherboard is applied.

*\*Thermaltake makes no representation or warranty that the included standard riser cable will be suitable for any specified computer system without further testing. If you need any technique supports, please contact Thermaltake Global Service Center.*

## Specifications

---

P/N	CA-1J8-00M1WN-00
Case Type	Mid Tower
Dimension (H x W x D)	470 x 470 x 615 mm (18.5 x 18.5 x 24.2 inch)
Net Weight	17.2 kg / 37.9 lb
Side Panel	5mm Tempered Glass x 2 (Left & Right)
Color	Black
Material	SPCC
Cooling System	-
Drive Bays -Accessible -Hidden	3 x 2.5" (HDD Bracket) ; 2 x 3.5" or 2 x 2.5" (Optional) 2 x 3.5" or 2 x 2.5" (Behind the M/B tray)
Expansion Slots	8
Motherboards	6.7" x 6.7" (Mini ITX), 9.6" x 9.6" (Micro ATX), 12" x 9.6" (ATX)
I/O Port	USB 3.0 x 2, USB 2.0 x 2, HD Audio x 1
PSU	Standard PS2 PSU (optional)
LCS Upgradable	-
Fan Support	Right Side: 4 x 120mm 3 x 140mm
Radiator Support	Right Side: 1 x 480mm 1 x 420mm
Clearance	CPU cooler height limitation: 180mm VGA length limitation: 320mm PSU length limitation: 220mm

## Additional Information

---

Brand	Thermaltake
SKU	CA-1J8-00M1WN-00
Weight	50.0000
Color	Black
Chassis Form Factor	Mid-Tower
Side Panel	Window
Material	Steel
PSU Wattage	No PSU
