Short Description

The AKASA M.2 SSD heatsink is made for your PC. Passive cooling for M.2 SSD drives boosts your computer's performance and reduces heat loss. Supports a standard M2 single-phase solid-state drive Next Generation Form Factor (NGFF) 2280. Thanks to the prepared heat-conducting self-adhesive tape, fastening is easy and fast.

Description

The AKASA M.2 SSD heatsink is made for your PC. Passive cooling for M.2 SSD drives boosts your computer's performance and reduces heat loss. Supports a standard M2 single-phase solid-state drive Next Generation Form Factor (NGFF) 2280. Thanks to the prepared heat-conducting self-adhesive tape, fastening is easy and fast.

Features

- Reduces M.2 SSD heat and enhances performance
- Supports standard M.2 Next Generation Form Factor (NGFF) 2280 single sided type SSDs
- Thermal conductive adhesive tape is pre-applied

Specifications

Application	Reduces M.2 SSD heat
Designed for	Standard M.2 (NGFF) 2280 single sided type SSDs
Material	Aluminium
Dimensions	71 x 22 x 6.4mm
Colour	Black
Mounting	Self-adhesive thermal tape
Product code	A-M2HS01-BK

Additional Information

Brand	Akasa
SKU	A-M2HS01-BK
Weight	0.1500
Color	Black
Heatsink Type	SSD/HDD/M.2 NVME
Material	Aluminum
Special Price	\$6.99
