Features

Exquisitely Modest Aesthetic Design

The 305 black features solid materials such as crystal-like tempered glass and sleek anodized aluminium. The smooth enclosure is eloquently and skillfully crafted to create a simple and yet captivating design. The brushed textures and visual aesthetics of the 305 black will continue to make In Win “Contemporary and Innovative.”

Accelerated Tool-less Design

In Win has set a standard for being an innovative computer hardware company. Mission accomplished with the 305 since it has perfected a tool-less design by being able to remove the beautiful 3mm tempered glass side panel by just pressing the handle.

Versatile Cooling Options

Overall, the 305 can accommodate two radiators (top and rear) and three fans at the bottom providing users with a well-cooled rig. The cool air intakes from the bottom creates efficient air flow for quick heat dissipation.
