

# In-Win POLARIS RGB Aluminium 120mm LED Case Fan - Two Pack

\$75.95

## Product Images

## Short Description

The Polaris RGB fans build on the core features of the Polaris LED adding a 4-pin PWM control, and the infinite color selection of RGB LEDs, allowing users to customize the color and performance to precisely

match their PC design and cooling needs. Six independent RGB LEDs are located in the central fan hub, pointing out towards the edges illuminating the gaming rig.

## Description

---

The Polaris RGB fans build on the core features of the Polaris LED adding a 4-pin PWM control, and the infinite color selection of RGB LEDs, allowing users to customize the color and performance to precisely match their PC design and cooling needs. Six independent RGB LEDs are located in the central fan hub, pointing out towards the edges illuminating the gaming rig. Polaris RGB syncs with most common RGB-equipped motherboards. Multiple fans can be daisy chained together using the provided short or long cable inter-links, making this modular design ideal for any chassis and water-cooling radiator fans.

## Features

---

### RGB LED Lighting Module

There are six independent RGB LEDs stationed in the center of the fan. Gamers can control the LEDs with their motherboard control software. No controller required!

### Daisy Chain, Modular Connector Design

Our new modular connector design allows each fan to link with each other to create a daisy chain effect. This new setup allows for easier installation and tidier cable management. Users can create their own personal experience with flexible fan combinations.

### Aluminium Frame

Polaris's 2.5mm aluminium frame is complemented with a polished, diamond-cut finish along the edges. The sharp, glossy surface adds to the overall craftsmanship of the arc-shaped cooling fan.

### Shockproof Rubber Stand

Four shockproof rubber stands strategically placed on the corners to reduce vibrations while in operation.

### Silent Cooling Fan

Polaris can speed up to 1280 RPM and PWM mode allows users to control the fan speed automatically. We modified the design of the blades and developed a dynamic balance, to effectively reduce the fan noise level.

# Specifications

Product Name	Polaris RGB Aluminium	
Part Number	Single Pack	POLARISFAN-1PK-RGBM
	Twin Pack	POLARISFAN-2PK-RGBM
Fan Size	120 x 120 x 25mm	
Material	PBT, PC, Aluminium	
Starting Voltage	5V	
Fan Rated Voltage	12V	
Fan Rated Power	1.2W	
Fan Rated Current	0.10A	
RGB LED Rated Voltage	12V	
RGB LED Rated Power	1.2W	
RGB LED Rated Current	0.10A	
Speed Mode	500~1280R.P.M	
Air Flow	43.31CFM	
Air Pressure	1.26mm-H2O	
Fan Connector	8-Pin Modular	
Noise Level	20.2dB(A)	
Bearing Type	Fluid Dynamic Bearing (FDB)	
Life Expectation	60,000 hrs / 40°C	
Net Weight	435g (2 Pack) / 215g (1 Pack)	
Warranty	5 years	
* Specifications may vary based on different regions.		

## Additional Information

Brand	INWIN
SKU	POLARISFAN-2PK-RGBM
Weight	1.0000
Color	Clear
Fan Dimensions	120mm
Fan Width	25mm
Fan Connection	8-pin
Fan Voltage	12 VDC
Fan RPM	1200
Fan CFM	43
Fan Noise (dB)	20
LED Color	RGB
