This pump ships without a front cover. You will require a D5 top or D5 reservoir in order to use this pump.

## Specifications

---

- SATA and PWM
- PWM Speed Control (800-4700rpm)
- Maximum Flow: 1200 lph (12V)
- Maximum Head Delivery: 3.7m (12V)
- Voltage: 8-24V (37W Max)
- Maximum Temperature: 60C
- Dimensions: 90 x 57 x 90 mm

## Additional Information

---

Brand	XSPC
SKU	XSPC-D5-PWM-SATA-BARE
Weight	1.0000
Color	Black
Pump Type	Laing D5 PWM
Pump Voltage	12-24VDC
Vendor SKU/EAN	5060175588425
