

# In-Win 101C ATX Chassis(Includes 2 Polaris RGB Fans) - White

\$114.95

## Product Images

## Short Description

---

The 101C carries the latest cutting-edge technology, which supports motherboards with USB 3.1 Gen2 Type-C. Users can enjoy the highest data transferring speeds and the convenience of the revisable Type-C port.

Note: The 101C Kit includes 101C mid tower chassis and 2 Polaris RGB case fan.

## Description

---

The 101C carries the latest cutting-edge technology, which supports motherboards with USB 3.1 Gen2 Type-C. Users can enjoy the highest data transferring speeds and the convenience of the revisable Type-C port.

Note: The 101C Kit includes 101C mid tower chassis and 2 Polaris RGB case fan.

## Features

---

### Radiant RGB Front Panel

The LED bezel designed with a hidden power button builds a simple and clean look for the 101C. The RGB LED presentation brings an incredible visual experience for users to create their personal colorful rig.

### Versatile Cooling Options

The 101C provides high flexibility with cooling performance. Overall, it can support up to 6 fans simultaneously, which enhances cooling performance and can create a stunning gaming rig!

### Detail-oriented and thoughtfully designed

The 101C not only supports 2.5" and 3.5" drive bays, but also mounts with a specialized GPU holder that provides extra support for your graphics card. Furthermore, there are two 2.5" SSD mounts cleverly positioned in the back of motherboard tray, which takes advantage of the interior space.

### Detail-oriented and thoughtfully designed

The top PSU chamber not only makes the system cleaner without interfering with the motherboard and graphics card area. Furthermore, the embedded bottom dust filter allows users to remove the dust filter without any restrictions.

## Specifications
