

Alphacool Aurora LED flexible light 60cm incl. Controller - RGB

\$25.99

Product Images

Short Description

Just like the Aurora LED Ring RGB, this Flexible Light comes in RGB. The power supply comes through a 4-pin molex which can easily be connected to a fan controller, the motherboard, or a power pack. The RGB controller is also on the 4-pin molex, where the colour and brightness can be set.

Description

Along with the Aurora LED Rings, Alphacool also offers the Aurora Flexible Light.

Just like the Aurora LED Ring RGB, this Flexible Light comes in RGB. The power supply comes through a 4-pin molex which can easily be connected to a fan controller, the motherboard, or a power pack. The RGB controller is also on the 4-pin molex, where the colour and brightness can be set.
