Short Description

Alphacool's new quick-release coupling sets have been newly developed to offer extra security. For this reason, these couplings do not use a "click" mechanism but are bolted with a nut. The couplings can no longer be unlocked accidentally.

Description

Alphacool's new quick-release coupling sets have been newly developed to offer extra security. For this reason, these couplings do not use a "click" mechanism but are bolted with a nut. The couplings can no longer be unlocked accidentally.

The couplings affect the flow rate of your loop only minimally, or not at all. While unlocking, both sides of the coupling seal completely.

They have a 1/4" internal thread on both sides so your choice of fitting can be used.

Specifications

1. Side:	G1/4" inner thread
2. Side:	G1/4" inner thread
Color:	black mat
Compatibility:	Soft tubing (PVC, Silikon, Neoprene)
Manufacturer:	Alphacool

Material: Plastic

Rotatable: No

Specification: Shape: straight

Thread length: Not specified

Technical specifications:

- Dimensions (L x D): 60.3 x 26.1mm
- Material: black brass
- Thread: 2x 1/4 "

Scope of delivery:

- 1x Alphacool HF quick release connector kit G1/4 - black

Additional Information

Brand	Alphacool
SKU	AC-17396
Weight	0.5000
Special Order	No
Fitting Type	Disconnect
Fitting Size	1/4"
Fitting Angle	Straight
Fitting Finish	Matte Black
Vendor SKU/EAN	4250197173964
