Short Description

EHEIM universal pumps offer a large performance spectrum and a wide variety of uses. They are very reliable equipment offering exceptionally long service life. They can be used inside or out of water.

Description

EHEIM universal pumps offer a large performance spectrum and a wide variety of uses. They are very reliable equipment offering exceptionally long service life. They can be used inside or out of water. The integrated prefilter, safe hose connections, a variety of connections and fixings, but above all their absolute reliability make the EHEIM universal pumps very popular. They are frequently used in a professional environment – e.g. in breeding units and in zoos.

There are 5 models with output levels from 300 u to 3400 l/h., each with a choice of 1,5 m (Indoor) or 10 m (Outdoor) cable. Also there is a flexible hobby pump with 270 l/h. output.

Features

- Large performance spectrum, developed for long service life
- Usage in/under water or outside the water
- Hermetically moulded motor guarantees complete safety
- Integrated prefilter – protects the impeller from any drawn in particles and ensures longer service life
- Inlet connectors for safe hose connection
- Use of smart accessories; (e.g. InstallationsSET 2) can be attached to the outlet connector
- A variety of fixing possibilities (mounting plate included)
- All models with a choice of 1,5 m. (Indoor) or 10 m. (Outdoor) cable
