

Thermaltake V-Tubler 3T

\$7.99

Product Images

Short Description

Thermaltake introduces the V-Tubler 3T water tubing for custom PC water cooling configurations. Manufactured from medical grade PVC material, the V-Tubler resists twisting and collapse allowing for tighter bends without the kinking that can cause cooling failures or a reduction in system performance. Designed for use with 3/8" barbs and compression fittings, give users better mounting, easier fitting, and ideal flow. Choose from: ID 1/2" or 3/8" to make your system a showcase for all to see with the Thermaltake V-Tubler water tubing.

Description

Thermaltake introduces the V-Tubler 3T water tubing for custom PC water cooling configurations. Manufactured from medical grade PVC material, the V-Tubler resists twisting and collapse allowing for tighter bends without the kinking that can cause cooling failures or a reduction in system performance. Designed for use with 3/8" barbs and compression fittings, give users better mounting, easier fitting, and ideal flow. Choose from: ID 1/2" or 3/8" to make your system a showcase for all to see with the Thermaltake V-Tubler water tubing.

Features

Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

Medical Grade Construction

Made in Taiwan, the V-Tubler 3T is constructed from medical grade PVC which is reliable, non-toxic, and substance free. Smooth inner walls improve closed loop sanitation, reducing particular gathering/entrapment onto the tubing wall. Working temperature range from -4°F (-20°C) to 140°F (60°C).

- Inner diameter: 3/8" (9.5 mm)
- Outer diameter: 5/8" (16 mm)

Material of V -Tubler 3T as below:

Remarkable Expansion

Designed for use with 3/8" barbs and compression fittings, V-Tubler 3T is pre cut into retail coils of 200cm lengths, allowing enthusiasts to build up aesthetically-superior water cooling systems by allocating the radiators to each particular component andincorporating externally-modular upgrades for their chassis.

Specifications

P/N	CL-W018-OS00TR-A
Material	PVC
Inside Diameter	3/8"(9.5 mm)
Outside Diameter	5/8"(16 mm)
Length	200 cm
Color	Transparent

Additional Information

Brand	Thermaltake
SKU	CL-W018-OS00TR-A-D
Weight	2.0000
Color	Clear
Tube Type	PVC
Tube Size	3/8" x 5/8" (10mm x 16mm)
Material	PVC
Delivery	Retail Box
