## Product Images

## Short Description

This NexStar3 3.5" hard drive enclosure from Vantec wraps your drive in a sleek onyx shell with chrome accents. Just because you work hard doesn't mean you can't look good. The internal drive cage locks your drive securely into place and protects it from damage while the aluminum housing functions as a heat sink to keep your drive cool and extend its life.

## Description

---

This NexStar3 3.5" hard drive enclosure from Vantec wraps your drive in a sleek onyx shell with chrome accents. Just because you work hard doesn't mean you can't look good. The internal drive cage locks your drive securely into place and protects it from damage while the aluminum housing functions as a heat sink to keep your drive cool and extend its life.

With support for today's large drives, up to 750GB, you won't be short on space. Of course in today's fast paced business world getting the data on and off the drive quickly is of paramount importance, that's why there is both a FireWire and a USB 2.0 connection. This makes it a great option in mixed Mac and PC environments.

The enclosure comes with everything you need, both USB and FireWire cables, power adapter, and a stand for vertical mounting. Carry your data in style and safety with Vantec's NexStar3!

## Features

---

-  **3.5" IDE HDD Compatibility** The Vantec NexStar 3 NST-360UF-BK enclosure is compatible with 3.5" IDE hard drives, offering an ideal solution for your external storage needs.
-  **Aluminum Enclosure** The Vantec NexStar 3 NST-360UF-BK aluminum enclosure provides excellent heat dissipation and tough, reliable hard drive protection.
-  **Dual Interface Support** The Vantec NexStar 3 NST-360UF-BK features USB 2.0 and IEEE 1394a (FireWire 400) interfaces for fast data transfer speeds and plug-and-play connectivity to Mac and Windows based computers.
