Short Description

After 15 years of creating the most extreme water-cooled PCs on the planet I have decided that the products currently on the market are not enough. Protium like all of our products is refined in ways only possible from years of water-cooling experience.

Description

After 15 years of creating the most extreme water-cooled PCs on the planet I have decided that the products currently on the market are not enough.

Protium like all of our products is refined in ways only possible from years of water-cooling experience. The caps can be rotated to face any direction thanks to our aluminium retention ring design. This also means that you don't have the problem of an acrylic on acrylic thread which can be difficult to tighten. Protium is designed for maximum compatibility with 7 ports. The 90 degree ports allow for hidden inlets or outlets. We have created a feature with our caps with three different materials/finishes to choose from. With the addition of a single LED the acrylic caps can light up part of your build and cause the coolant to glow. The frosted acrylic version works as a light diffuser and creates a beautiful soft glow. Singularity Computers is known for quality, you only need to look at our portfolio from the last decade. CNC machined components, anodized aluminium, polished acrylic to a level you will not see anywhere else, evenly frosted acrylic and a perfect milled finish on the acetyl.

Specifications

- Dimensions:
- Diameter: 60mm.
- Length: 250mm.
- Full Reservoir Length: 290mm.
- Package Dimensions: 330x85x85mm.
- Weight: 0.5KG.
- Material: Aluminium, Acrylic, Acetyl.

- Finish: Frosted, Polished, Milled.
- Ports: 7.
- Volume: 500ml.
- O-rings: Silicon White.

Included Items :

- Acrylic Reservoir Tube.
- Aluminium Retention Rings x2.
- End Cap 90 Degree Quad Port.
- End Cap Triple Port.
- Internal Acrylic Flow Tube.
- Plug Fittings x5.
- Silicon o-rings x2.

Additional Information

Brand	Singularity Computers
SKU	SC-PROTIUM-L-SP-D
Weight	1.4000
Color	Clear
Reservoir Type	Tube Res
Tube Res Length	250mm
Vendor SKU/EAN	9351182000472
