

# Phobya screw ISO 7380 M4 x 25 filister head hexagon socket, black

\$0.50

## Product Images

## Short Description

---

Screws for mounting fans (20mm) onto radiators. Using a hexagonal screw ensures easy installation and prevents overwinding of the screw. Fabricated according to DIN guidelines, these screws can be used in any technical field with no problems.

## Description

---

Screws for mounting fans (20mm) onto radiators. Using a hexagonal screw ensures easy installation and prevents overwinding of the screw. Fabricated according to DIN guidelines, these screws can be used in any technical field with no problems.

The wide selection of colours opens new combination possibilities for assembling a unique system exactly to your tastes!

Screws that are too long may damage the radiator.

Compatible with (among others):

All Black Ice, XSPC RS Series, Koolance, and D-Tek radiators
