Short Description

DarkSide Gentle Typhoon Performance Radiator Fan - 1150rpm, 37cfm - Black Edition

Description

DarkSide Gentle Typhoon Performance Radiator Fan - 1150rpm, 37cfm - Black Edition

Features

High Performance:

The GentleTyphoon achieves high airflow volume and low noise with a special 9-blade impeller enabling silent cooling of the latest devices which run very hot.

Silent Operation:

The GentleTyphoon has a different type of tone. The fan propeller is designed to reduce the disturbing frequency fan noise to human ears.

Innovative Technology:

The unique motor design and motor support mechanism of the GentleTyphoon uses a custom double vibration reduction structure to greatly reduce vibration.
