Watercool HEATKILLER® Tube - struts 200mm black

\$24.50

Product Images

Short Description

Our colored interchangeable struts are a easy way to customize your HEATKILLER® Tube Series reservoir. The struts are made from solid aluminum. The colored versions have a high end anodically oxidized finish. Delivery includes four struts. One of them is designed to hold a LED strip. Corresponding LED strips are available separately.

Description

Our colored interchangeable struts are a easy way to customize your HEATKILLER® Tube Series reservoir. The struts are made of solid aluminum. The colored versions have a high end anodically oxidized finish. Delivery includes four struts. One of them is designed to hold a LED strip. Corresponding LED strips are available separately.

Please be careful to choose the correct strut length for your tube. The name of your HEATKILLER® Tube Series tells you its length, for example a HEATKILLER® Tube 100 requires 100mm long struts.

Specifications
