Thermaltake Core P3 Tempered Glass Edition Chassis - Black

$159.99

Product Images

Short Description

The new Core P3 Tempered Glass Edition Open Frame chassis comes with a 5mm thick tempered glass front panel to provide durability and a clear view of the inner components. Core P3 TG supports the latest PC hardware, AIO and DIY liquid cooling solutions. The Chassis is designed with dual GPU and PSU layout options and 3-way stand placements (wall mount, horizontal, and vertical placements) provide users unlimited flexibility when it comes to building the most advanced customized PC.

Description

The new Core P3 Tempered Glass Edition Open Frame chassis comes with a 5mm thick tempered glass front panel to provide durability and a clear view of the inner components. Core P3 TG supports the latest PC hardware, AIO and DIY liquid cooling solutions. The Chassis is designed with dual GPU and PSU layout options and 3-way stand placements (wall mount, horizontal, and vertical placements) provide users unlimited flexibility when it comes to building the most advanced customized PC.

Features

Built for Makers

By practicing the idea of "maker movement" as well as 3D printing, Thermaltake designs the open frame panoramic viewing chassis as users can do their own mods, as well as print out their ideas, using liquid cooling components, and manuals without boundaries. Users can download 3D printing accessory files on 3D Makers Microsite, printing them out to do a special mod.

5mm Thick Tempered Glass Window

The 5 mm thick front tempered glass panel guarantees the durability of the window and display your build with crisp clarity. Users can fully display every component of the system and show off their dedication and skill set with its exceptional viewing capability.

DMD – Dismantlable Modular Design

Gamers can freely build the system from the ground up with given modular panels, racks, brackets, and pre-design mounting arrays. No more unreachable screw corners or gaps and enjoys installation in a breeze with Dismantlable Modular Design.

3-Way Placement Layout

Designed for use in three different ways: Wall-mount, vertical, and horizontal placement. Users can hang it on the wall as decoration, take it to wherever they want and display the nice builds vertically or horizontally for the best viewing presentation while ensuring outstanding cooling performance.

Versatile GPU & PSU Orientation

Show off your graphic card and power supply with our special design bracket. Further, the Core P3 TG also has the support for vertical PSU layout when ITX motherboard is applied. Riser cable, AC-053-CN1OTN-C1, is Included.

Native AIO Support

The Core P3 SE is natively supported for all type of All-In-One liquid cooling solution without the need for extra bracket.

Supreme Hardware Support

Supports the mounting of 3.5" and 2.5" storage devices. Two 3.5"/2.5" drive trays are included and hidden in the back panel that offers 45mm of cable management space.

Advance Ventilation

Up to 3 120mm or 140mm fans or 420mm radiator at left side.

Specifications

Type
    ATX Open Frame Chassis

Color
    Black

Case Material

SPCC

With Power Supply
No

ower Supply Mounted
Bottom

Motherboard Compatibility
Micro ATX / ATX / Mini-ITX

Side Panel Window
1 x Tempered Glass

Expansion

External 5.25" Drive Bays
0

Internal 3.5" Drive Bays
4 x 2.5"/3.5" - (2x) hidden drive mounts

Expansion Slots
8

Front Panel Ports

Front Ports
2 x USB 3.0 / 2 x USB 2.0 / 1 x Mic / 1 x Headphone

Cooling System

Fan Options
Left Side: 3 x 120mm or 3 x 140mm

Radiator Options
Side - Up to 360mm / Side - Up to 420mm

Dimensions & Weight

Max GPU Length Allowance
280mm (With Reservoir)
320mm (Without Reservoir)

Max CPU Cooler Height Allowance
180 mm

Dimensions (H x W x D)

18.50" x 13.10" x 20.20"

Weight
30.30 lbs.

Additional Info

Features
Fan Support (Optional)
Left Side:
3 x 120mm
3 x 140mm

Radiator Support (Optional)
Left Side:
1 x 120mm or 1 x 240mm or 1 x 360mm
1 x 140mm or 1 x 280mm or 1 x 420mm

VESA Compatibility: 200x200, 100x100, 75x75

CPU cooler height limitation: 180mm

VGA length limitation: 280mm (With Reservoir), 320mm (Without Reservoir)

PSU Length Limitation: 200mm

Additional Information

Brand	Thermaltake
SKU	CA-1G4-00M1WN-06
Weight	45.0000
Color	Black
Chassis Form Factor	Mid-Tower
Side Panel	Window
Material	Steel
PSU Wattage	No PSU
Vendor SKU/EAN	841163001745
