

# Thermaltake Core P5 Tempered Glass Edition ATX Wall-Mount Chassis - Black

\$249.99

## Product Images

## Short Description

---

Indulge your system presentation with the new Core P5 Tempered Glass Edition open frame chassis by Thermaltake. The new Core P5 comes with three tempered glass panels plus stainless steel panel secure mechanism and fully modular design that allows flexibility for 3-way placement layouts (Wall mount, Horizontal and Vertical), dual GPU layout locations: Horizontal and Vertical and placement locations for liquid cooling components. Uncover greatness with the Core P5's panoramic viewing angle with its full tempered glass window to protect and present.

## Description

---

Indulge your system presentation with the new Core P5 Tempered Glass Edition open frame chassis by Thermaltake. The new Core P5 comes with three tempered glass panels plus stainless steel panel secure mechanism and fully modular design that allows flexibility for 3-way placement layouts (Wall mount, Horizontal and Vertical), dual GPU layout locations: Horizontal and Vertical and placement locations for liquid cooling components. Uncover greatness with the Core P5's panoramic viewing angle with its full tempered glass window to protect and present.

\*A standard riser cable is included.

## Features

---

Tt LCS Certified

Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

### Built for Makers

By practicing and incorporating the idea of “maker movement” as well as 3D printing, Thermaltake designs the open frame panoramic viewing chassis as anyone can access and do his/her own mods as well as print out his/her own ideas using available liquid cooling components and manuals without boundaries.

### 5mm Thick Tempered Glass Window with Stunning Viewing

The Core P5 is a true open frame case with viewing capability of showing front and back full sides. The tempered glass panels feature 5mm thickness that meets the highest standards in the industry. Moreover, unlike any other cases on the market, the enlarged glass windows permit users to fully display every RGB component of the system, and show off their dedication and skill set.

### 3-Way Placement Layout

The Core P5 is designed for use in three different ways: Wall-mount, vertical, and horizontal placement. Built for customization that reflects the makers’ personality, it allows for adjustments to the chassis for the best viewing presentation while ensuring outstanding cooling performance.

Users can hang it on the wall as decoration, take it to wherever they want and display the nice builds vertically or horizontally.

### DMD – Dismantlable Modular Design

The Core P5 enables user to freely build the system from the ground up with given modular panels, racks, brackets, and pre-design mounting arrays. No more unreachable screw corners or gaps and enjoys installation in a breeze with Dismantlable Modular Design.

### Versatile GPU & PSU Orientation

Show off your graphic card and power supply with our special design bracket. The Core P5 TG has included a standard riser cable for you to choose the way you want to build the system. Further, the Core P5 TG also has the support for vertical PSU layout when ITX motherboard is applied.

Thermaltake TT Premium PCI-E 3.0 Extender (Optional) – Supports a wide range of GPU solutions with ultra-excellent quality. Features like, extreme high-speed cable with highly-routable design, EMI shielding with conducting polymer are crafted for meeting the most demanding system. Available in 300mm, 600mm and 1000mm length.

*\*Thermaltake makes no representation or warranty that the included standard riser cable will be suitable for any specified computer system without further testing. If you need any technique supports, please contact Thermaltake Global Service Center.*

## Remarkable Expansion

Designed for high-end gaming system compatibility, the Core P5 supports motherboard up to standard ATX, a tower CPU cooler with maximum height 180mm, and a dual expansion slot VGA of up to 320mm in length without reservoir. Further, the modular drive racks allow users to easily install up to four 3.5"/2.5" storage devices. Users can remove the drive bays to gain maximum space for cable management up to 45mm.

## Supreme Liquid-Cooling Support

The Core P5 has the capability to deliver an excellent cooling efficiency, and enables users to build a complete thermal solution, including DIY/AIO liquid-cooling systems and air-cooling units. It supports up to either 480mm liquid cooling radiator, or a 140mm case fans with a long graphic card at the same time. Users can also install an AIO cooler onto the case after mounting the AIO bracket.

Thermaltake Core P5 AIO Bracket (Optional) – Designed to support the AIO liquid cooling system and HDD expansion. The Core P5 can hold up to three brackets, and a single AIO bracket can support one 120mm or 140mm fan.

## Specifications

P/N	CA-1E7-00M1WN-03
Case Type	Mid Tower
Dimension (H x W x D)	608 x 333 x 570 mm (23.9 x 13.1 x 22.4 inch)
Net Weight	18.45 kg
Color	Black
Material	SGCC
Drive Bays	Accessible 1 x 3.5" or 2.5" (HDD tray) Hidden 3 x 3.5" or 2.5" (Behind the M/B tray)
Expansion Slots	8
Motherboards	6.7" x 6.7" (Mini ITX), 9.6" x 9.6" (Micro ATX), 12" x 9.6" (ATX)
I/O Port	USB 3.0 x 2, USB 2.0 x 2, HD Audio x 1
PSU	Standard PS2 PSU (optional)
Fan Support	Left Side: 4 x 120mm 3 x 140mm

Radiator Support	Left Side: 1 x 480mm 1 x 420mm
Clearance	CPU cooler height limitation: 180mm  VGA length limitation: 280mm (With Reservoir)  570mm (Without Reservoir)  PSU length limitation: 200mm

### Additional Information

Brand	Thermaltake
SKU	CA-1E7-00M1WN-03
Weight	60.0000
Color	Black
Chassis Form Factor	Mid-Tower
Side Panel	Window
Material	Steel
PSU Wattage	No PSU
Vendor SKU/EAN	841163066287
