## Short Description

---

These Nylon Braided Cat7 Ethernet Cables are built to be super durable and are not easily damaged by scratches. They will support bandwidths up to 600MHZ & transmitting data at speeds of up to 10Gbps. Meet all proposed Cat-7 cable requirements and compatible with older Cat6, Cat6E, Cat5 and Cat5E cable standards.

## Description

---

These Nylon Braided Cat7 Ethernet Cables are built to be super durable and are not easily damaged by scratches. They will support bandwidths up to 600MHZ & transmitting data at speeds of up to 10Gbps. Meet all proposed Cat-7 cable requirements and compatible with older Cat6, Cat6E, Cat5 and Cat5E cable standards.

## Features

---

- **HIGH QUALITY MATERIAL** — Sturdy nylon braid cover provides the Cat7 STP Ethernet Cable long life performance and it will not be easily damaged by scratch. Durable gold-plated RJ45 plug ensures connection reliability and maximum signal transfer.
- **UPLOAD & DOWNLOAD SPEED** — Support bandwidth up to 600MHz & transmitting data at speeds of up to 10Gbps. Meet all proposed Cat-7 cable requirements and compatible with older Cat6, Cat6E, Cat5 and Cat5E cable standards.
- **BOTH SHIELDED CONNECTOR** — Built with shielded twisted pair STP cables and shielded RJ45

connectors. Protect against EMI/RFI interference. Surf the internet, stream video, music , and other data at greater speed without lag and other network issues.

- USER FRIENDLY DESIGN — The clip protector of Cat7 network cable has an assisted press point made of rubber, especially useful when plugging into a jack in a hard to reach area. It also keeps the network connector from unwanted snags while routing the cable
- RANGE OF APPLICATION — Perfect for network adapters, hubs, routers, DSL/cable modems, PS3, PS4, X-box, patch panels and other high performance networking applications.

## Additional Information

---

Brand	PPCS
SKU	PPCS-VSAIL-3M
Weight	0.1000
Color	Black
Cable Type	CAT 6 Ethernet
Length	10ft
