Short Description

Are you always ready to challenge your opponent? Are you a pro-gamer that enjoys gaming to the fullest? Do you feel tired and uncomfortable after a long practice session? Are you looking for a decent headphone that sits off the ear or lightly on the ear that won't be hot and sweaty? Do you want a smaller headset that has all of the features of an ordinary gaming headset? We have listened to many pro gamers and accumulated all their feedback for the past three years and now we are here to provide them what they really want!

Description

Are you always ready to challenge your opponent? Are you a pro-gamer that enjoys gaming to the fullest? Do you feel tired and uncomfortable after a long practice session? Are you looking for a decent headphone that sits off the ear or lightly on the ear that won't be hot and sweaty? Do you want a smaller headset that has all of the features of an ordinary gaming headset? We have listened to many pro gamers and accumulated all their feedback for the past three years and now we are here to provide them what they really want! The ISURUS PRO, is designed for professional gamers for any gaming situation! The Omnidirectional microphone allows gamer to place the microphone wherever they need it and our new drivers deliver an excellent audio experience. The ISURUS PRO allows gamers who prefer earbuds instead of traditional gaming headphones a more comfortable way to play!

Features

WORLD'S FIRST IN-EAR DETACHABLE MICROPHONE HEADSET

Lightweight stainless steel detachable microphone design that offers a clearer voice communication and enhances phone call control by adjusting the microphone to ensure you have a perfect fit. You can use the microphone while in gameplay with friends or remove the microphone for music enjoyment!

UNIQUE EARBUD DESIGN

The ISURUS PRO features a honeycomb cutout brushed shell design with the Tt eSPORTS's battle dragon logo. This design is inspired by our LEVEL 10 line that makes the earbuds standout at any gaming event!

DUAL MICROPHONES

Consist a dual microphones design where you can choose either to speak through the inline microphone or via the detachable microphone. If you do not want to use the detachable microphone, you are always able to speak via the in-line microphone!

QUALITY COMPONENTS ISURUS PRO

offers you the best sound quality and is perfect for all gamers. You can listen to music, watch movies or use it with your phone to communicate with friends. It is the perfect headset for you with premium audio technology and an exception design!

INLINE 3-BUTTON REMOTE

Never stop playing! Change your music on-the-fly with the 3 button in-line remote (previous, next, play & pause button) with integrated microphone, allowing you to answer your calls and control the music with just the push of a button. ISURUS PRO is the perfect headset when you are on the move or in a gameplay!

TANGLE-FREE FLAT CABLE ISURUS PRO

consist with tangle-free flat cables, so say goodbye to those frustrating cable tangles and have fun with the great designed for functionality and enjoy your game and music every day!

SECURE FIT SYSTEM

Designed to nestle in the ear without entering your ear canal, the ISURUS PRO spreads contact equally across the ear for supreme coziness and forms a cap that gives the headphones a full-spectrum of noise reduction!

POWERFUL 13.5MM NEODYMIUM DRIVER

Deliver unbeatable in-ear audio, with natural high-reliability, crisp trebles and powerful bass - allowing you to hear and retain your daily soundtracks perfect and experience the true gaming atmosphere! Whatever your mood you have for the day, just immerse yourself in the best quality of sound!

3 SIZES EAR SLEEVES ISURUS PRO

comes with 3 sizes of silicone sleeves where you can choose the pair that best fits you naturally. These awesome washable, soft silicone sleeves were designed to provide comfort in your ear canals for long hours of use!
