

ae RJ45 CAT7 10Gbps Braided Flat Network Lan Cable - 1.8M

\$5.95

Product Images

Short Description

These RJ45 CAT7 10Gbps Braided Flat Network Lan Cables are suitable for computers and switches, hubs, ADSL, router, modem and hub, router etc connections. They have 10Gbps online video streaming, maintain stable network during large online games, without network latency or dropping.

Description

These RJ45 CAT7 10Gbps Braided Flat Network Lan Cables are suitable for computers and switches, hubs, ADSL, router, modem and hub, router etc connections. They have 10Gbps online video streaming, maintain stable network during large online games, without network latency or dropping.

Features

1. It suitable for computers and switches, hubs, ADSL, router, modem and hub, router etc connections.
2. Cat-7 Shielded flat cable, enjoy gigabit network.
3. 10Gbps online video streaming, maintain stable network during large online games, without network latency or dropping.
4. Flexible and durable, can fold in any corner of the room.
5. Universal compatibility, backward compatible with Cat 5/5e/6, keep you online at home/office.

Specifications

1. Model: EC1

2. Lengths: 1M/1.8M/ 3M/ 5M/ 10M
3. Color: red+black
4. Wire structure: Cat-7 Shielded flat cable
5. Wire Gauge: 32 AWG
6. Conductor material: Tinned copper
7. Insulation resistance: 10M OHM Min
8. Conductance resistance: 30HM MAX

Additional Information

Brand	AE
SKU	AE-RJ45-1.8M
Weight	0.1000
Color	Black/Red
Cable Type	CAT 6 Ethernet
Length	1.8 meters
