Tinned Copper Conductor

Oxygen free copper conductor with
conduction impedance $\leq 50\text{hms}$, corrosion resistance
and oxidation resistance

Short Description

This High Quality 4K Display port Cable delivers a 4K high-quality digital image, supports 3D Video and is built to last with its nylon braided sleeving.

Description

This High Quality 4K Display port Cable delivers a 4K high-quality digital image, supports 3D Video and is built to last with its nylon braided sleeving.

Features

- Supports Ultra HD 4k Resolution
- Quaruple sheilding
- 24k Plated Connectors + Zinc Alloy shell making is wear-resistant and durable
- Tinned Copper Conductors making it corrosion resistant and oxidation resistant
- Compliant with DP1.2 specifications with enhanced resolution, deep color, refresh rate and multi-display function
- Supports ATI Eyefinity Multi-screen technology
- Supports 3D

Specifications

- Shielding: Braid
- Type: DP/Mini DP Cables

- Connector B: Displayport(DP)
- Packing: Polybag
- Application: Multimedia
- Version: DisplayPort 1.2
- Gender: Male-Male
- Connector A: Displayport(DP)
- Model Number: DP107
- Connector Color: Gold
- Resolution : 4K*2K/60Hz ; 10M : 1080P/60Hz

Additional Information

Brand	AE
SKU	AE-DP107-2M
Weight	0.2000
Color	Black
Cable Type	DisplayPort
Length	2 meters
