Short Description

RGBpx lighting set containing four LED strips with 15 LEDs each, as well as compatible cables for installation inside a PC case.

Description

RGBpx lighting set containing four LED strips with 15 LEDs each, as well as compatible cables for installation inside a PC case.

The set contains the following components:

- four RGBpx LED strips, length 32 cm, 15 addressable LEDs (item code 53268)
- one RGBpx cable, length 50 cm (item code 53261)
- two RGBpx cables, length 10 cm (item code 53260)
- one RGBpx cables, length 4 cm (item code 53259)

All four strips contained in this set can be connected in series and be controlled by a single RGBpx output. An Aqua Computer device with RGBpx output is required for operation (not included in delivery).

For easy installation, four magnets are embedded into each strip. Additionally, the rear side of each strip is equipped with self adhesive coating.
