## Short Description

---

Bring out the modder within you. The Core P3 SE Open Frame chassis sets a new benchmark in groundbreaking open frame chassis design. With full support for liquid cooling – the Core P3 SE is built from the ground up to make even the most advanced PC customization and modification effortless and hassle free, making it a dream to build with. The open frame panel design is protected with a clear acrylic panel – behind which sits the chassis frame, with supports the latest PC hardware, AIO and DIY liquid cooling solutions.

## Description

---

Bring out the modder within you. The Core P3 SE Open Frame chassis sets a new benchmark in groundbreaking open frame chassis design. With full support for liquid cooling – the Core P3 SE is built from the ground up to make even the most advanced PC customization and modification effortless and hassle free, making it a dream to build with. The open frame panel design is protected with a clear acrylic panel – behind which sits the chassis frame, with supports the latest PC hardware, AIO and DIY liquid cooling solutions. Specially designed dual GPU and PSU layouts, plus a 3-way stand placement (wall mountable, horizontal laying and vertical standing) allow users to position the chassis any orientation – and appreciate your artwork status worthy build.

## Features

---

### Tt LCS Certified

Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

### Built for Makers

By practicing and incorporating the idea of “maker movement” as well as 3D printing, Thermaltake designs the open frame panoramic viewing chassis as anyone can access and do his/her own mods as well as print out his/her own ideas using available liquid cooling components and manuals without boundaries.

### DMD – Dismantlable Modular Design

The Core P3 SE Snow Edition open frame chassis enables user to freely build the system from the ground up with given modular panels, racks, brackets, and pre-design mounting arrays. No more unreachable screw corners or gaps and enjoys installation in a breeze with Dismantlable Modular Design.

### 3-Way Placement Layout

The Core P3 SE is designed for use in three different ways: Wall-mount, vertical, and horizontal placement. Built for customization that reflects the makers' personality, it allows for adjustments to the chassis for the best viewing presentation while ensuring outstanding cooling performance.

Users can hang it on the wall as decoration, take it to wherever they want and display the nice builds vertically or horizontally.

### Believe in Seeing

The open frame structure with unique Panoramic Viewing design advanced the Core P3 SE Black visual presentation, that permit users to show off their dedication and skill set unlike any other cases on the market.

### Versatile GPU & PSU Orientation

Show off your graphic card and power supply with our speciality designed brackets. The Core P3 SE allows users to choose the way you want to build the system. Riser cable options are available for optional GPU mounting.\* Further, the Core P3 SE also has the support for vertical PSU layout when using ITX motherboards.

### Native AIO Support

The Core P3 is natively supported for all type of All-In-One liquid cooling solution without the need for extra bracket.

### Supreme Hardware Support

The Core P3 offers the most flexible mounting option with the special designed mounting array which not only supports up to four by 120mm or 140mm fans or radiators, it also supports the mounting of 3.5" and 2.5" storage devices. Further, two 3.5"/2.5" drive trays are included and hidden in the back panel that offers 45mm of cable management space.

### 3.5" or 2.5" HDD Drive Compatible

## Core P3 SE Wall-Mounting Support

It's an optional feature that wall-mounting parts are not included. See the picture on the left-hand side or download the Core P3 manual under "Support".

## Specifications

---

Model	Core P3 SE
-------	------------

P/N	CA-1G4-00M1WN-02
Case Type	Mid Tower
Dimension (H x W x D)	512 x 333 x 470 mm (20.2 x 13.1 x 18.5 inch)
Net Weight	10.3 kg / 22.7 lb
Color	Black
Material	SPCC
Drive Bays	-Accessible : 2 x 3.5" or 3 x 2.5" (Outside the chassis) -Hidden: 2 x 3.5" or 2.5" (Inside the chassis)
Expansion Slots	8
Motherboards	6.7" x 6.7" (Mini ITX), 9.6" x 9.6" (Micro ATX), 12" x 9.6" (ATX)
I/O Port	USB 3.0 x 2, USB 2.0 x 2, HD Audio x 1
PSU	Standard PS2 PSU (optional)
Fan Support	Left Side: 3 x 120mm 3 x 140mm
Radiator Support	Left Side: 1 x 360mm 1 x 420mm
Clearance	CPU cooler height limitation: 180mm VGA length limitation: 280mm (With Reservoir & Radiator) 450mm (Without Reservoir & Radiator) PSU length limitation: 200mm

## Additional Information

---

Brand	Thermaltake
SKU	CA-1G4-00M1WN-02-D
Weight	45.0000
Color	Black
Chassis Form Factor	Mid-Tower
Side Panel	Window
Material	Steel
PSU Wattage	No PSU
