Special Price  
**\$3.24** was  
**\$4.99**

## Product Images

## Short Description

These powerful HDD Vibration Isolation Mounts are 7/8" long and 1/2" diameter--easy to install and molded from high quality silicone rubber. They allow you to mount a standard hard drive in optical bay spacing for the ultimate in true vibration free silence. They also improve air flow around the drive for improved cooling. These ZEN mounts are available in Black, Green, Red and Blue in a 4-pack with hardware included.
