\$12.95

Product Images

Short Description

This adapter fitting allows for fine adjustment of hard tube angles. With plus or minus 6mm of adjustment you can get perfectly parallel tubing runs by using this unique fitting.

Description

This adapter fitting allows for fine adjustment of hard tube angles. With plus or minus 15mm of adjustment you can get perfectly parallel tubing runs by using this unique fitting.

As shown, if the deviation of the connection is less than 15 mm, please use offset adapter to connect it as shown below

Features

360°rotation offset adapter

Lightweight/Convenient/Durable/Professional

Lightweight

Convenient

Durable

Professional

Multiple application environments

多种适用环境

It can be used in various environments, and the maximum support radius of hole position offset is 15mm

01

It can pass high strength fatigue test

耐高強度疲勞測試

POM can withstand high fatigue strength, which makes it easy to deal with the internal temperature of water cooling system

02

Lightweight

轻量化

The impact resistant and lightweight POM material reduces the overall weight, which is only 17.2g

03

Applicable scenarios

适用场景

If the deviation of the joint shown in Figure 1 is less than 15mm, the offset adapter shown in Figure 2 can be used to butt joint it
