Short Description

Tubing is the veins of a water cooling system! These are the next generation, made by Alphacool!

Deep, intense colours as well as comfortable handling during installation and connection were our focus in developing these tubes. The result is tubing in a variety of sizes and colours, such as red, green, blue, or

black.

Description

Tubing is the veins of a water cooling system! These are the next generation, made by Alphacool!

Deep, intense colours as well as comfortable handling during installation and connection were our focus in developing these tubes. The result is tubing in a variety of sizes and colours, such as red, green, blue, or black.

In developing these tubes, we specifically ensured that there would no longer be any need to deal with colour particles in the coolant fluid, but rather that all the colour would come from the tubing itself.

Besides the colour, the installation and bending properties are of course very important in tubing. The ability to span a tight bend radius and comfortable handling in tricky spaces were also emphasised during development. This was optimised to perfection by mixing different combinations of synthetic materials, resulting in tubing that manages to bring opposing goals together in harmony and that will satisfy both amateur enthusiasts and experienced water cooling users!

Manufactured in Germany, with the promise of consistent high quality. Our years of manufacturing experience guarantee that any product we sell is the best.

Specifications

Manufacturer:	Alphacool
UV - color:	Non UV-active
Outer diameter:	16mm (5/8")
Color:	Transparent
Max. Operating pressure:	4 Bar (at 20°C)
Service temperature:	-20°C bis 60°C
Inner diameter:	10mm (3/8")
Material:	PVC
Length:	1,00m

Technical Specifications

- Material: PVC
- Colour: Transparent
- Inner diameter: 10mm, 3/8"

- Outer diameter: 16mm, 5/8"
- Wall thickness: 3mm

Scope of Delivery

- 1x Alphacool tubing AlphaTube HF 16/10 (3/8"ID) - clear 1m (3,3ft) Retailbox

Attention

The manufacturer Mayhems advises that Mayhems fluids, especially the Aurora line of products, have been manufactured and distributed solely for show and modding purposes. These should not be utilized in the system for more than 14 days.

We would also like to advise that Mayhems fluids can damage water cooling products, and using Mayhems fluids can thereby void the warranties offered by the following manufacturers: Koolance, Phobya, Alphacool, Aqua Computer, Watercool.

Damages such as: clogging, corrosion of aluminium radiators, deterioration of glued containers, etc., are a consequence of the use of Mayhems, but will not be reimbursed by Mayhems. Use is therefore at one's own risk.

Additional Information

Brand	Alphacool
SKU	AC-18574
Weight	1.5000
Color	Clear
Tube Type	PVC
Tube Size	3/8" x 5/8" (10mm x 16mm)
Material	PVC
Delivery	Retail Box
Vendor SKU/EAN	4250197185745
