

Singularity Computers Dual Reservoir Panel: 900D

\$59.00

Product Images

Short Description

This is a custom hand built Dual Reservoir Mounting Panel for the Corsair Obsidian 900D. This is the only currently available way of installing dual pump and reservoir combos into the Corsair Obsidian 900D without major modifications. It is designed for two 60mm tube reservoirs to be mounted side by side using Singularity Computers Ethereal Dual. You will also need to purchase x2 Ethereal Dual Reservoir Mounts separately. It comes in matte black. We use high quality 6061 aluminium panel and high end DNA 2K Paint.
