

# Thermaltake C1000 Opaque Coolant Black

\$29.99

## Product Images

## Short Description

The Thermaltake C1000 Opaque Vivid Color Coolant Series. Made in Germany, the C1000 Opaque coolants are a non-transparent, virtually odorless, biodegradable, high performance PC liquid.

## Description

The Thermaltake C1000 Opaque Vivid Color Coolant Series. Made in Germany, the C1000 Opaque coolants

are a non-transparent, virtually odorless, biodegradable, high performance PC liquid. Offering ideal protection for PC cooling systems using copper, nickel, brass or aluminum materials, the C1000 also supports anti-rust, anti-freezing and water scale prevention. Take control of colorizing any system from seven vivid colors: red, green, blue, orange, yellow, white, purple and black to brighten up any build with Thermaltake.

## Features

---

“Tt LCS Certified” is the hallmark that ensures first-class performance from the best features and fitment. A certification exclusive to Thermaltake, it sets the benchmark for all true LCS chassis and is applied only to products that meet our stringent design standards for delivering what hardcore enthusiasts demand. The Tt LCS certification is a way for Thermaltake to designate to all power users the chassis which have been tested for best compatibility with extreme liquid cooling configurations.

### German-Made Anti-Corrosive Solution

Being non-flammable, the C1000 Opaque Coolant is a ready-to-use cooling solution with at least 3 years shelf life in airtight containers, providing great performance while preventing the entire cooling system – copper, brass, nickel, and aluminum – from corrosion.

### Biodegradable Material

The C1000 Opaque Coolant is classified in water hazard class 1 (low-rate endangering) according to German water hazard regulations. The product is readily biodegradable.

### Vivid Application

Thermaltake C1000 Opaque Coolant is designed specifically for PC liquid cooling systems. Featuring anti-freezing, anti-rusting, and water scale prevention, the C1000 non-transparent coolant delivers great thermal efficiency and further reduce the temperature of the system.

## Specifications

---

P/N	CL-W114-OS00BL-A CL-W114-OS00BU-A CL-W114-OS00GR-A CL-W114-OS00OR-A CL-W114-OS00PL-A CL-W114-OS00RE-A CL-W114-OS00WT-A CL-W114-OS00YE-A
Capacity	1000 ml
Color	Blue, Red, White, Green, Orange, Yellow, Purple, Black

Hazardous  
component

Ethenediol Value < 20%  
CAS 170-21-1  
EG 203-473-3  
Index 603-027-00-1  
Certificate Xn  
R-Phrase 22  
S-Phrase 2, 24/25,46

## Additional Information

---

Brand	Thermaltake
SKU	CL-W114-OS00BL-A
Weight	2.2000
Color	Black
Fluid Type	Ethylene Glycol
Volume	1 liter
