

Thermalright Pacific W4 RGB CPU Water Block

\$69.99

Product Images

Short Description

The all-new Pacific W4 RGB CPU Water Block features a RGB LED, 0.15mm internal fin construction, a copper base with anti-corrosive nickel plating and high-quality PMMA cover, and a universal mounting mechanism that offers error-free as well as no-tools installation. Fits with most G1/4 fittings, the Pacific W4 RGB provides the ultimate in cooling performance, and delivers extreme compatibility for custom PC builders.

Description

The all-new Pacific W4 RGB CPU Water Block features a RGB LED, 0.15mm internal fin construction, a copper base with anti-corrosive nickel plating and high-quality PMMA cover, and a universal mounting mechanism that offers error-free as well as no-tools installation. Fits with most G1/4 fittings, the Pacific W4 RGB provides the ultimate in cooling performance, and delivers extreme compatibility for custom PC builders.

Features

TT Premium

To continue achieving the corporate mission of delivering the perfect user experience, Thermaltake developed “TT Premium” with the essence of combining supreme quality products with a new logo design. TT Premium is far more than just a guarantee of quality. Behind the name, it represents the passion in DIY, Modding and Thermaltake’s desire to be the most innovative brand in the PC hardware market. To satisfy the demand of the high-end PC users, TT Premium follows its core values of Excellent Quality, Unique Design, Diverse Combinations and Boundless Creativity to provide a high performance PC product for every enthusiast. 

Tt LCS Certified

Tt LCS Certified is a Thermaltake exclusive certification applied to only products that pass the design and hardcore enthusiasts standards that a true LCS chassis should be held to. The Tt LCS certification was created so that we at Thermaltake can designate to all power users which chassis have been tested to be best compatible with extreme liquid cooling configurations to ensure you get the best performance from the best features and fitment.

Gorgeous RGB LED with Lighting Controller

The Pacific W4 RGB comes with a special engineered LED light that can be switched among a 256 RGB Cycle, a 7 static colors mode (Blue, Green Red, White, Orange, Yellow and Purple), and a LED Off mode. The brightness is also adjustable. Most importantly, the controller is constructed with a built-in memory function, saving the color applied and insuring the same color selection every time you boot your PC.

Anti-Corrosion Design with Mirror-Finished CU Base

Manufactured with Thermaltake’s highest quality standards, the Pacific W4 RGB’s specially machined copper base has an absolute mirror finish with anti-corrosive nickel plating that provides exceptional heat transfer and anti-corrosion protection for the most demanding use conditions. 

Optimized 0.15mm Micro-Channel Structure

The Pacific W4 RGB applies a compact form factor that features 0.15mm micro-channel fin construction for optimal clearance and extreme heat dissipation.

No-Fuss Expansion

Designed to fit all modern CPU sockets with universal mounting mechanisms, the Pacific W4 RGB allows enthusiasts to build superior water-cooling systems from an aesthetic standpoint as well as incorporate modular chassis upgrades for the future. 

Specifications

P/N	CL-W139-CU00SW-A
Compatibility	Intel: LGA 2011-3/2011/ 1366/1156/1155/1151 /1150/775 AMD: FM2/FM1 AM3+/AM3/AM2+/AM2 (CPU Socket)
Dimension	93.4L * 93.4 W* 22 H mm
Heatsink Material	Copper + PMMA
Rated Voltage	5 V
Power Input	1W
Connector	4-Pin Molex
Threads	G ¼"
Weight	670 g

* Specifications are subject to change without notice.

* The product picture(s) is only for your reference, it may differ from the actual product.

Additional Information

Brand	Thermaltake
SKU	CL-W139-CU00SW-A
Weight	2.2500
Color	Black
CPU Series	Intel: LGA 2011-3/2011/1366/115x/775/2066 AMD: FM2/FM1/AM3+/AM3/AM2+/AM2
Block CPU Type	Intel
Block Style	Copper
