

Silverstone Expansion Card Model ECS03

\$49.99

Product Images

Short Description

To satisfy professional users' need for higher performance storage solution, SilverStone created the ECS03, a hardware-based SATA RAID card. This PCIe Gen 2.0 (x2) expansion card has built-in ASMedia 1062R controller with two SATA ports for supporting RAID 0, RAID 1, SPAN, and non-RAID mode. With excellent flexibility for high performance and data security, the ECS03 is a great choice for those looking to upgrade their system for more robust storage duties.

Description

To satisfy professional users' need for higher performance storage solution, SilverStone created the ECS03, a hardware-based SATA RAID card. This PCIe Gen 2.0 (x2) expansion card has built-in ASMedia 1062R controller with two SATA ports for supporting RAID 0, RAID 1, SPAN, and non-RAID mode. With excellent flexibility for high performance and data security, the ECS03 is a great choice for those looking to upgrade their system for more robust storage duties.

Features

- PCIe Gen2 x2 with ASMedia 1062R controller
- Supports SATA 6Gbps interface
- Supports two SATA ports
- Supports SATA port multiplier command based switching
- Supports RAID 0, RAID 1, SPAN and non-RAID function
- Low profile design

Specifications

Model No.	SST-ECS03
Ports	SATA 6Gbps internal port x 2
Form factor	Low profile - PCI Express Gen 2.0
Drive Support	SATA up to 6Gb/s
Controller	ASMedia1062R
RAID function	RAID 0, 1, SPAN, non-RAID
Net weight	95g
Operating system support	Windows XP, Vista, 7, 8, 8.1 (32bit/64bit) or later
Dimension	110mm (W) x 21mm (H) x 82mm (D) 4.33" (W) x 0.83" (H) x 3.23" (D)

Additional Information

Brand	SilverStone Technology
SKU	ECS03
Weight	0.5000
Color	Silver
Card Function	RAID 0, 1, SPAN, non-RAID
Card Form Factor	Low profile - PCI Express Gen 2.0
Ports	SATA 6Gbps internal port x 2
Controller	ASMedia1062R
Driver Support/OS Compatibility	SATA up to 6Gb/s
Vendor SKU/EAN	844761012243
