

ModMyToys Deluxe Borosilicate Glass Tube Cutting Kit

\$39.95

Product Images

All dimensions are measured manually, there may be measurement errors, please don't mind.

01
Metal surface is black coated, sandblasted, and polished so they could last for years.

02
Spring-loaded for easy pressure release.

03
The soft red pvc cushioned handle makes glasswork effortlessly.

Our mosaic cutter body is made of 55 steel, which is strong and durable.

Short Description

Let's cut through all the crap glass and get right to it! With ModMyToys' borosilicate glass-tube cutting kit you can get that glass-hardlined loop up and running in no time. Consisting of safety glasses, cut-resistant gloves, sand-paper and the glass-scoring tool itself, it should be a breeze getting it all done. Also included is 2 extra blades and the tools to change this out. How easy is it? Pretty easy. In fact, I'd say it's....clear as glass, with this kit!
